kbarnett@tmgva.com

Kevin Barnett is a Program Analyst for TMG – A values-driven Program Management company. The American Society for Training and Development (ASTD), has recognized TMG's high level of performance in 2002, 2003, 2004, 2006, 2008, and 2009 for Excellence in Practice with partners across America. TMG analyzes, designs, develops, pilots, implements and transitions Leader Performance and Workforce Productivity systems for companies such as the United States Army Rapid Equipping Force (REF), Newport News Shipbuilding, ESCO, MEDRAD, AVID Medical, Ball Metal Beverage Packaging, BAE Systems Ship Repair, Liebherr Mining Equipment, Lifetouch Studios, Aera Energy, L3 Communications, North Florida Shipyards, Measurement Specialties, NBTY and ITS Technologies.

Kevin has more than twenty years of operational experience developing and leading high-performance teams, with a proven track record in organizational excellence, operations management and leadership development. Kevin's service has provided him a variety of experience in dynamic environments as a Weapons and Tactics Instructor, Leadership Development Facilitator, Program Manager, Process Improvement, Security Manager and Maintenance Management.

Kevin recently retired from the United States Navy and is excited to join the TMG team as a Program Analyst.
