PROJECT SCOPE

Leadership Executive Education and Planning Session
Project Selection Support

12 DAYS OF TRAINING OVER A SIX-MONTH PERIOD

1 project per attendee with Target first year Cost Savings of \$100,000

CURRICULUM

Based on the ASQ Body of Knowledge and will prepare students to obtain the ASQ Certification as a Six Sigma Green Belt
Dedicated Operations Officer Support to track, coach, and report to Leadership Team Monthly
Monthly Toll Gate Reviews

**Due to COVID-19, all instruction will be conducted virtually via Zoom.
Coaching will be available on-demand**

This course is structured using the Define, Measure, Analyze, Improve, and Control (DMAIC) Six Sigma problem solving methodology. During the course, students will work DMAIC projects selected by their management that focus on specific process-related problems the company is experiencing. Between phases, the student will apply the training to move toward completion of their project. A TMG Master Black Belt & Operations Officer will provide coaching to the students during the training evolution.
